### **Overview**

### What is MAA?

**MAA** is Medi-Cal Administrative Activities.

Local Governmental Agencies (LGAs) that participate in the MAA program are eligible to receive 50% Federal reimbursement for the cost of performing Medi-Cal administrative activities that directly support Medi-Cal services to their clients.

### Why time survey?

Perpetual time surveying is an accurate method to track your reimbursable activities. Daily time survey = higher reimbursement for your organization.

### What does it really mean for my organization?

Basically, it means that your daily time surveying allows your organization to be eligible for unrestricted funding.
